## TERRITORY IS VISITED

BY SENATOR CLAPP, CHAIRMAN OF THE SENATE COMMITTEE ON INDIAN AFFAIRS

### CONFERENCE WITH OFFICIALS

Will Recommend More Clerks and the Removal of Restrictions.

Muskogee, I. T., Oct. 2.—Tomorrow morning Senator Clapp, chairman of the senate committee on Indian affairs, together with Tams Bixby, of the Dawes commission, Wm. O. Beall, secretary; J. George Wright, Indian inspector; D. M. Kelsey, Indian agent; L. F. Parker, general solicitor for the Frisco; J. W. Zevely and perhaps others will leave in Mr. Parker's private car for a trip through the territory. Their itinerary covers four days and touches all big towns and Indian capitals of the territory. There was a conference between Senator Clapp and the Indian officials this afternoon, after which Senator Clapp made some interesting statements. He will recommend that the force of clerks be increased to handle the Indian deeds, both here and in Washington. The same applies to the divisions having in charge the removal of restrictions from Indian lands. He thinks this system may be revised and says that the present system of land sales would be more satisfactory if it could be handled more rapidly. He declared for immediate statehood for Indian Territory and Oklahoma. He will recommend legislation that will facilitate the removal of restrictions, but does not believe they should be removed from all lands except the homesteads. He will recommend legislation which looks to the continuation of the present system of schools in Indian Territory until another school system can be established either under

state government or federal supervision. Senator Clapp indicated that his committee places balance of power in the rights of the Indian in this country. When he was asked what would be done in the case of conflicting interests of the white and Indian citizens of the territory, he said that the interests of both classes must be protected, but that the Indians were the original claimants and present owners in matters of compromise the original claim of the Indian must be recognized. The full significance of this attitude upon statehood is apparent at a glance. The Indian must be consulted.

## LOOK OUT FOR THEM

GANG OF THIEVES AND THUGS SAID TO BE FOLLOWING RINGLING CIRCUS

### THE OFFICERS GIVE WARNING

Lock Your Doors And be on Guard for Them.

Local police officers received notice from special detective officers of the Frisco that a gang of thieves and thugs is following Ringling Bros. circus. The circus is to be in Oklahoma City tomorrow and it was suggested that some of the local officers be sent there to spot the bad ones and study their methods.

It is said that the yellow fever in the south has driven the riff raff of that section north and they are looking for business wherever the crowds gather. Of course the circus people are not responsible for this criminal class which is following them. They are mere camp followers, such as are found in every large crowd.

The police will take special care to prevent the gang from operating here. Chief Hopkins suggests that every one be on guard Thursday. See that your valuables are properly secured and your doors are locked before you go to the show. Merchants should see that back doors are guarded or locked during the parade.

### OFFICIALS PLEAD NOT GUILTY

Indictments were Returned Against 172 It Smells very Bad

Milwaukee, Wis., Oct. 2.—Thirty eight indicted officials against whom are hanging 172 indictments returned by the last grand jury appeared before Judge Brazen in the municipal court today and entered pleas in nearly every case if not guilty. Included in the list

are thirteen former supervisors, three members of the fire department, two newspaper reporters, a state senator, a state assemblyman, an alderman, an ex-alderman and the balance business men.

The work of arraigning the defendants was not concluded until a late hour. Several of the defendants demanded an immediate trial. The cases pending together with the list returned by previous grand juries, it is believed, will require two or three judges to dispose of.

### JEWES WERE ATTACKED.

By Gang of Italian and Irish Hoodlums. Police Called.

New York, Oct. 2.—Some two thousand Jews was attacked on the Pike street recreation pier on the East river front yesterday by two Italian and Irish laborers. They were pelted with stones and several were hurt. The assault was kept up until the arrival of the police, when three of the assailants were arrested. There appeared to be no reason except hoodlumism for the attack.

The Jews had gone to the river front to observe the Tisha, an ancient ceremony which occurs on the second day of the Jewish new year and consists principally of the recitation of a prayer. They had scarcely begun the ceremony when the assault took place. A panic followed, when one after another of the worshippers was struck and knocked down. A dozen policemen were hurried to the scene. All but three of the assailants escaped.

Mrs. Marlow and little daughter, Virginia, of Clarinda Ia., are the guests of Mr. and Mrs. C. L. Greer.

Deputy Burk arrested C. F. Hurd near Bailey yesterday on charge of disposing of mortgaged property near Ada. He will be taken to Ada tomorrow for trial.

J. C. Blozer of Wichita and N. E. Butcher of Oklahoma City, both representatives of the American Book Co. were in the city yesterday.

## THE ENROLLMENT IS LARGER

Public Schools Opens With More Pupils than Last Year

The public schools opened yesterday with nearly one thousand pupils enrolled. In the white school there were 930 pupils. About 190 more than were enrolled the first day last year and in the colored schools there were 69 pupils which is a reduction from last year. This indicates a larger population than we had at the same time last year. The enrollment will grow from day to day.
